

Mobile Recording from O₂

Capture calls and texts made and received
on any mobile device

Why record
mobile calls?

Meet
regulations

Protect your
business

Look after
your customers

Is your business
meeting industry
regulations?

32%

of businesses
are worried about
meeting their
regulatory
requirements

27,400

companies
already fall under
regulation for
voice recording

Future legislation could
impact more businesses

Mobile Recording
helps you:

- Develop staff
- Satisfy customers
- Resolve disputes
- Analyse trends
- Work flexibly

Compliance is
just the tip of
the iceberg

Over 50% of businesses believe flexible working
improves productivity, employee loyalty and
health and wellbeing.

Not all calls are permissible as
evidence in a court of law.
Calls captured through
Mobile Recording are.

Stats: YouGov survey
April 2016
